Thurunu Shakthi Vocational Department of Gurukula Holdings (Pvt) Limited - 2021

Summary

A driven third-year Computer Science. student who is passionate and detail-oriented Web Developer with experience in HTML, CSS, JavaScript, MongoDB, and MySQL. Skilled in building responsive and secure web applications, developing RESTful APIs, and implementing authentication and CRUD operations. Familiar with Bootstrap for UI design and currently learning React to enhance front-end skills. Eager to apply knowledge in a professional setting and grow as a developer.

Projects

Plant Nursery Website

A simple e-commerce website developed for a Plant Nursery, where users can search for products based on keywords, categories, etc. To build this project, we used HTML, CSS, JavaScript, and an API to fetch product data. It is user frendly website that easy to use.

Food Blog

A simple blog website developed for a people who loves to cook , where users can search for recipes based on keywords, categories, etc. To build this project, I used HTML, CSS, JavaScript, and an API to fetch users data and recipes. It is attractive and user frendly website that easy to use.
