Thurunu Shakthi Vocational Department of Gurukula Holdings (Pvt) Limited 2021

Summary

A driven third-year Computer Science student passionate about web development and data analysis. Experienced in building responsive, secure web applications using HTML, CSS, JavaScript, MySQL, and MongoDB. Skilled in problem-solving, database management, and API integration. Currently learning React to enhance front-end capabilities. Strong analytical skills, eager to apply technical expertise in both web development and business analysis roles.

Projects

Plant Nursery Website

- Developed a responsive e-commerce website for a plant nursery using HTML, CSS, and JavaScript.
- Implemented search functionality using an API to improve user experience.
- Focused on UI/UX design for a visually appealing and user-friendly interface

Food Blog Website

- Built a blog website for food enthusiasts to search for recipes using HTML, CSS, JavaScript, and API integration.
- Designed an attractive and intuitive interface to enhance user engagement.
- Optimized website performance for fast loading and smooth navigation.

Education

BSc (Hons) in Computer Science   **2022-2026**
Saegis Campus, Nugegoda, Sri Lanka
